revised at regular intervals in consultation with the concerned State Governments;

(b) if so, the details thereof;

(c) whether some State Governments have asked for enhancement in royalty rates; and

(d) if so, Government's reaction thereto?

THE MINISTER OF STATE IN THE MINISTRY OF PETROLEUM AND NATURAL GAS (SHRI SANTOSH KUMAR GANGWAR): (a) to (d) Royalty on crude oil and natural gas is notified by following the methodology finalised by Central Government in consultation with State Governments. As per this methodology, royalty on crude oil is payable at 20 per cent of the well-head price of crude oil. Upto 31.3.1998, under the Administered Pricing Mechanism for domestic Crude oil, price and royalty were fixed once in three years. After 1.4.1998, the domestic crude price has been linked to the international price of crude oil and the price and royalty are required to be fixed on monthly basis. As the international price of crude is very low at present, the same rate of royalty, which was being paid on 31.3.1998, has been continued.

Royalty on natural gas is payable at 10 per cent of its value at well-head.

Certain State Governments have asked for enhancement in the royalty rates. No decision has been taken as yet on this demand.
